The Bowl of Hygeia award program was originally developed by the A. H. Robins Company to recognize pharmacists across the nation for outstanding service to their communities. Selected through their respective professional pharmacy associations, each of these dedicated individuals has made uniquely personal contributions to a strong, healthy community which richly deserves both congratulations and our thanks for their high example. Over the years a number of companies have supported the continuation of this worthwhile program, including Wyeth and Pfizer.

The American Pharmacists Association Foundation, the National Alliance of State Pharmacy Associations and the state pharmacy associations have assumed responsibility from Pfizer for continuing this prestigious recognition program. The Bowl of Hygeia is on display in the APhA Awards Gallery located in Washington, DC.
