Presbyterian Centennial Care Coverage of Naloxone Rescue Kit

RXBIN: 610593

RXPCN: PHPCC

Group: PHS

Effective April 1, 2014 Presbyterian Health Plan began providing Centennial Care coverage for “Naloxone Rescue Kits” which are to be submitted by pharmacies using the above BIN/PCN/Group information.

The kit is not available as a “kit” commercially, but consists of dispensing one service of the following:

- The commercially-available products Naloxone Inj. 1mg/ml NDC 76329-3369-01 or Naloxone inj. 0.4mg/ml NDC 00409-1782-69.
- One commercially-available LMA[®]MAD Nasal[™] intranasal Mucosal Atomization Device.
- Overdose prevention educational materials to include instructions on emergency response by rescuer (nasal Naloxone administration guide and rescue breathing instructions) are available at www.nmhealth.org/erd/opioid with additional information available at www.prescribetoprevent.org.

PROCESSING:

Submit the appropriate naloxone product NDC number, quantity in mL and the appropriate day supply. Inappropriate quantities or day supply may cause the claim to reject. Please rely upon the claims adjudication response for determination of coverage. Thank you for partnering with Presbyterian to improve the health of patients, members and communities we serve. For additional information contact the Presbyterian Pharmacy Services Help Desk at (505) 923-5500.
